

Creative & Digital

Creative & Digital Overview

Creative and digital industries are about the creation and development of products and ideas. They include industries such as computer games design, animation, social media, film and TV, graphic design and advertising, music performing arts, libraries and visual arts.

9.3% of employment in the Humber is in the creative and digital sector

Examples of Key Employers in the Humber

UNIVERSITY OF Hull

Did you know?

- There has been an increase of 57% new business start ups in the area in the digital sector over the past 5 years
- Hull provides the greatest amount of Creative Digital Industry employment across the Humber
- Jobs in this sector are not always advertised. Employers may use social media such as LinkedIn or Facebook
- Skills shortages are in multi-platform skills – the ability to produce content across all potential platforms, such as the web, mobile, ipad or TV and transfer skills from one sector to another
- Skills required in the future are IT and digital skills, creative design skills, and business skills for growth and expansion into new global markets
- The UK is the fourth largest producer of computer games in the world
- There are 40 computer games developers and publishers in Yorkshire and the Humber
- Over 40% of all workers in the industry start out working for free as competition is strong
- Voluntary work and building up a portfolio is important to give yourself the edge over others
